

Brake Repair and Services Experts

The safety of you and your family is important to us and a responsibility we take seriously.

There's no room for second best when it comes to your brakes. Our CAA & TransTrue Certified Technicians ensure that your vehicle is safe and that your brake system provides maximum protection and stopping power.

Dandy Auto Marine RV LTD does all kinds of brake repairs – from drum brakes to disc, anti-lock, hydraulic and import vehicle brakes. We use only quality parts, and in many cases we use either original equipment parts, or parts made by manufacturers of OE parts.

However, the use of quality brake parts is only the start of quality brake service, it continues with doing the job correctly, and not taking short cuts which may compromise the brakes on your vehicle.

Call us today to schedule your appointment 403-945-1555 or you can use our convenient Online Appointment Form!
